This specially crafted cloudy plum liqueur is based on "Sweet potato Shochu : MAKAI ENO IZANAI" and blended with a generous amount of Kishu Nankou plums.

It also contains plenty of domestically grown plum pulp and honey, giving it a rich fruity flavor and a sweet aroma.

The subtle aroma and richness of the sweet potato shochu, the sourness of the plums, and the mellowness of the honey are perfectly balanced to create a luxurious taste with a unique thickness and richness.

The mellow taste is followed by a lingering aftertaste of sweet potato shochu that will become an addictive drink.
