| Serving Suggestion | On the rocks | Cocktail |
| | ◎ | ○ |
| Food pairing Suggestions | Smoked cheese, dried fruit | |

This craft gin is created by blending carefully selected botanicals from Saga Prefecture with a sake base and aging the mixture in American white oak casks under specialized conditions. Meticulous aging in American oak imparts a beautiful amber hue and achieves a distinctive flavor profile, where rich oak aromas, the fullness of Daiginjo sake, and the characteristic lightness of gin harmonize exquisitely.
