		◎		◎	○
Food pairing Suggestions	Aperitif, Raisin butter, Fresh spring rolls				

The generous addition of domestically grown plums brings out the natural sweetness of plum wine, the richness of pure rice wine, and the moderate acidity of plums, which slowly seep into your tired body.
Enjoy this luxurious flavor that will provide a moment of relaxation during your busy days. This plum wine has a gentle and pleasant mouthfeel and is very easy to drink. We recommend drinking it on the rocks first, or with soda if you prefer.

※ Silver Award Winner at the National Umeshu Competition 2024
